

CREEC REGION 7 MEETING

California Regional Environmental Education Community connects educators and community-based partners to high-quality resources and provides collaboration opportunities to advance environmental literacy for all California students.

REGISTER HERE

GOALS:

Environmental Literacy

- Develop a foundational understanding of air quality—how it's created, tracked, and why it matters

Shared Learning Experience

- Experience investigations and data resources that make air quality understandable across grade bands and supports sense-making in any educational setting
- Encourage cross-curricular learning

Local Connection & Action

- Connect local air quality to your educational setting to plan learning experiences and support student action

**Thursday
May 7, 2026**

3:30 PM - 6:30 PM

In-Person Locations:

MCOE

1715 Canal Street
Merced, CA
95340

FCSS

1111 Van Ness Ave.
Fresno, CA
93721
